CHRISTO LANDRY
Software Engineer

SUMMARY

From developer to business and back again, soft skills and curiosity have served me well. My touchstone has always been innovating to solve problems and creativity in crafting solutions.

WORK EXPERIENCE

Software Engineer at 100devs, Los Angeles, CA

January 2022 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full stack web applications
- Applied agile methodologies like SCRUM for project management

PokerNow Player Tracker (Fullstack Web App) – Users can login to their account and upload ledger files to track all players results across all games uploaded with a searchable and sortable dashboard.

Charlotte Astrophiles (Web App) – A selection of astronomy images and data with NASA API integration that includes photos and current weather from Mars.

Other Projects: On-demand background color changer for Partnered Twitch streamer, and many more

Full Stack Web Developer at Christo's Consulting | Charlotte, NC

January 2019 — Present

Created full stack web applications and static websites for different clients across small and medium size businesses. Also, consulted on SEO and social media strategy.

Ascent Running Coaching LLC - Creation and integration of website, payment, and video call booking and a secondary website for a high school athletic camp.

Professional Runner | Charlotte, NC / Ann Arbor, MI

August 2010 — December 2018

Six time National Champion, four time Team-USA member, and former 25km American Record holder.

VOLUNTEERING

USA Track and Field | USA

December, 2014 — Present

Interfaced with over twenty different race organizations to recruit, vet and liaison with to hold National Championships road races and Olympic Marathon trials as part of USA Track and Field committee
